

## Technical Project Manager (M/F/D)

VF Lightspan is an internationally active engineering and construction company based in Bremen and a specialist in transparent, lightweight, and sustainable ETFE building envelopes. As a developer of the globally established Texlon® ETFE systems, we design skylines and landmarks worldwide with our projects – from stadiums and airports to museums and leisure attractions.

We combine planning, production, and installation under one roof and stand for innovation, quality, and team spirit.

**Due to our strong growth, we are looking to strengthen our office in Bremen-Lesum at the earliest possible date with part-time or full-time support as a technical project manager (M/F/D).**

### Your key responsibilities

- Technical leadership and coordination of national and international projects
- Development and adaptation of system-relevant ETFE Texlon® details in 2D and 3D
- Creation of 3D models using AutoCAD and/or Revit
- Monitoring and controlling schedules, costs, and quality
- Coordination with other trades and collaboration with additional project stakeholders

### Your profil

- Completed degree in architecture, civil engineering, or a related discipline (professional experience is an advantage)
- Experience with relevant construction software such as AutoCAD (2D/3D) or Revit
- Good knowledge of MS Office
- Very good command of English
- Knowledge of structural physics (an advantage)
- Strong technical understanding and good spatial imagination

### Your strenghts

- Independent, reliable, and resilient working style
- Structured, goal-oriented approach
- Strong teamwork skills

### What we offer

- A varied, international working environment
- Active involvement in cross-departmental projects
- Long-term career prospects in a globally operating company
- Flexible working hours (flexitime and trust-based working hours)
- 30 days of annual leave
- A corporate culture that promotes professional and personal development
- Texlon® Academy: internal training opportunities
- Company fitness program with EGYM Wellpass

Karoline Kummer
